1200

The Speedseed has been completely redesigned, making it the most rugged, economical and efficient version to date. The new Speedseed 1200 is equipped with individual cast spiker rings which enable the operator to make turns while in operation, saving time and effort. This Speedseed is able to work on smaller tractors.

SPEEDSEED 1200

The Vshaped spikes produce holes which funnel the randomly dispersed seed, concentrating them at the proper depth for best germination. The new high volume seed box utilizes a proven roller design with quick-change gears, allowing the machine an infinite range of feed rates with all types of seed, from very large to very small (bents) seed types. Finishing up is a large smooth-roller, which can be optionally equipped with a second set of spiker rings, followed by the rear brush. With operating speeds up to 7.5 miles per hour, the Speedseed 1200 provides fast, accurate and economical overseeding.

WORKING SPECIFICATIONS

Weight	772 lbs (350 g).
Spacing	Square 1.18" (30 mm)
Depth	0.19" - 0.78" (5 mm - 20 mm)
Holes per sq/ft	92 (990 holes/sq meter)
Working Width	47.2" (1.2 m)
Maximum capacity	152,523 ft ³ (141,75 m ³)
3-point type	Cat.1-2
Seed-tray capacity	5.9 cu. ft. (168 litres)
Delivery Rate	Infinite
Rec. Tractor	20 HP with minimum lifting capacity of 990 lbs (450kg)
Options	Set of spikes for back roller

FEATURES / BENEFITS

FEATURE	BENEFIT
Working Speed-7.5 mph	Saves time and money
Large Seed Hopper	Less time spent on refills
Spiked Disk Roller	Random dispersement of seed with no drill lines
New Feed System	Handles all seed types-even bents-with great accuracy
Quick-Change Feed Gears	Fast and easy rate adjustment
